

CANNABIS SAFELY

KNOW THE LAW

Non-medical cannabis is only legal for adults 21+. It's illegal to use in public places and illegal to take across state or international borders.

BUY SAFE. BUY LICENSED.

Buy from licensed retailers to ensure products are tested, labeled, and legal.

PUT THE BRAKES ON DRIVING

Driving high is illegal and dangerous. Plan safe ways to get around before using.

START LOW AND GO SLOW

Edibles and high-THC products can hit harder than expected. Always check the label before you begin.
